Profile

Motivated Frontend Developer with experience building responsive web interfaces using React, Next.js, TypeScript, and Tailwind CSS. Comfortable consuming and integrating APIs, manipulating the DOM, and translating requirements into clean UI components. Seeking a Frontend Developer role to contribute to production ready applications, continue building practical experience, and grow within a collaborative engineering team.

Experience

Developer Intern, <i>Avancier Technologies</i> - Building web applications with Next.js (App Router), React, TypeScript, and Tailwind CSS - Developing strongly typed, reusable UI components leveraging TypeScript interfaces and generics for safer code - Implementing responsive, layouts with Tailwind CSS, ensuring consistent experiences across devices - Optimising page performance using Next.js features including server side rendering (SSR), static site generation (SSG), and dynamic routing - Collaborating with the engineering team through Git based workflows, code reviews, and agile sprint cycles	04/2026 – Present Lagos, Nigeria
Front-End Developer Intern, <i>Trueminds Innovations Ltd</i> - Developing interactive UIs using React.js, JavaScript (ES6+), HTML5, and CSS3 - Collaborating with fellow interns in team-based projects and peer learning sessions - Building reusable and scalable React components - Implementing responsive layouts using Flexbox and CSS Grid - Using Git and GitHub for version control and team collaboration - Participating in code reviews and frontend best-practice discussions	02/2026 – 06/2026 Lagos, Nigeria
ICT Instructor (NYSC), <i>Obison Collection Enterprise - Computer Training Center</i> - Trained participants aged 16-23 in computer fundamentals and application usage. - Delivered practical lessons on Word, PowerPoint, and Excel, emphasizing layout, clarity, and presentation. - Explained structured workflows and logical thinking relevant to frontend development.	01/2025 – 01/2026 Cross River, Nigeria
Backend Developer Intern (Frontend Collaboration Focus), <i>Nigerian Development Foundation</i> - Worked closely with frontend developers to integrate 10+ RESTful APIs into user interfaces. - Tested and consumed API endpoints to ensure correct data rendering. - Supported UI requirements by validating request and response flows. - Gained practical experience working in a collaborative development environment.	10/2024 – 07/2025 Lagos, Nigeria

Education

B.Sc. Biochemistry & Molecular Biology, <i>Obafemi Awolowo University</i>	2018 – 2024
--	-------------

FRONTEND SKILLS

• React.js & Next.js	• TypeScript & JavaScript	• Tailwind CSS, HTML5, CSS3 and , Responsive UI Development	• DOM Manipulation, API Consumption & Integration
----------------------	---------------------------	---	---

Projects

- NCCF Ikom zone website**  Responsive fronted react website, featuring paginated content to efficiently display fellowship activities and announcements.
- Personal Portfolio Website**
Responsive website showcasing projects and skills.
- Budget Tracker Web App**
Interactive JavaScript based app for tracking income and expenses.

Training

- 3MTT Software Development Program**
- Frontend Engineering, *Zuri Training***
- Complete JavaScript Course, *Udemy***
- Programming Foundations, *LinkedIn Learning***
